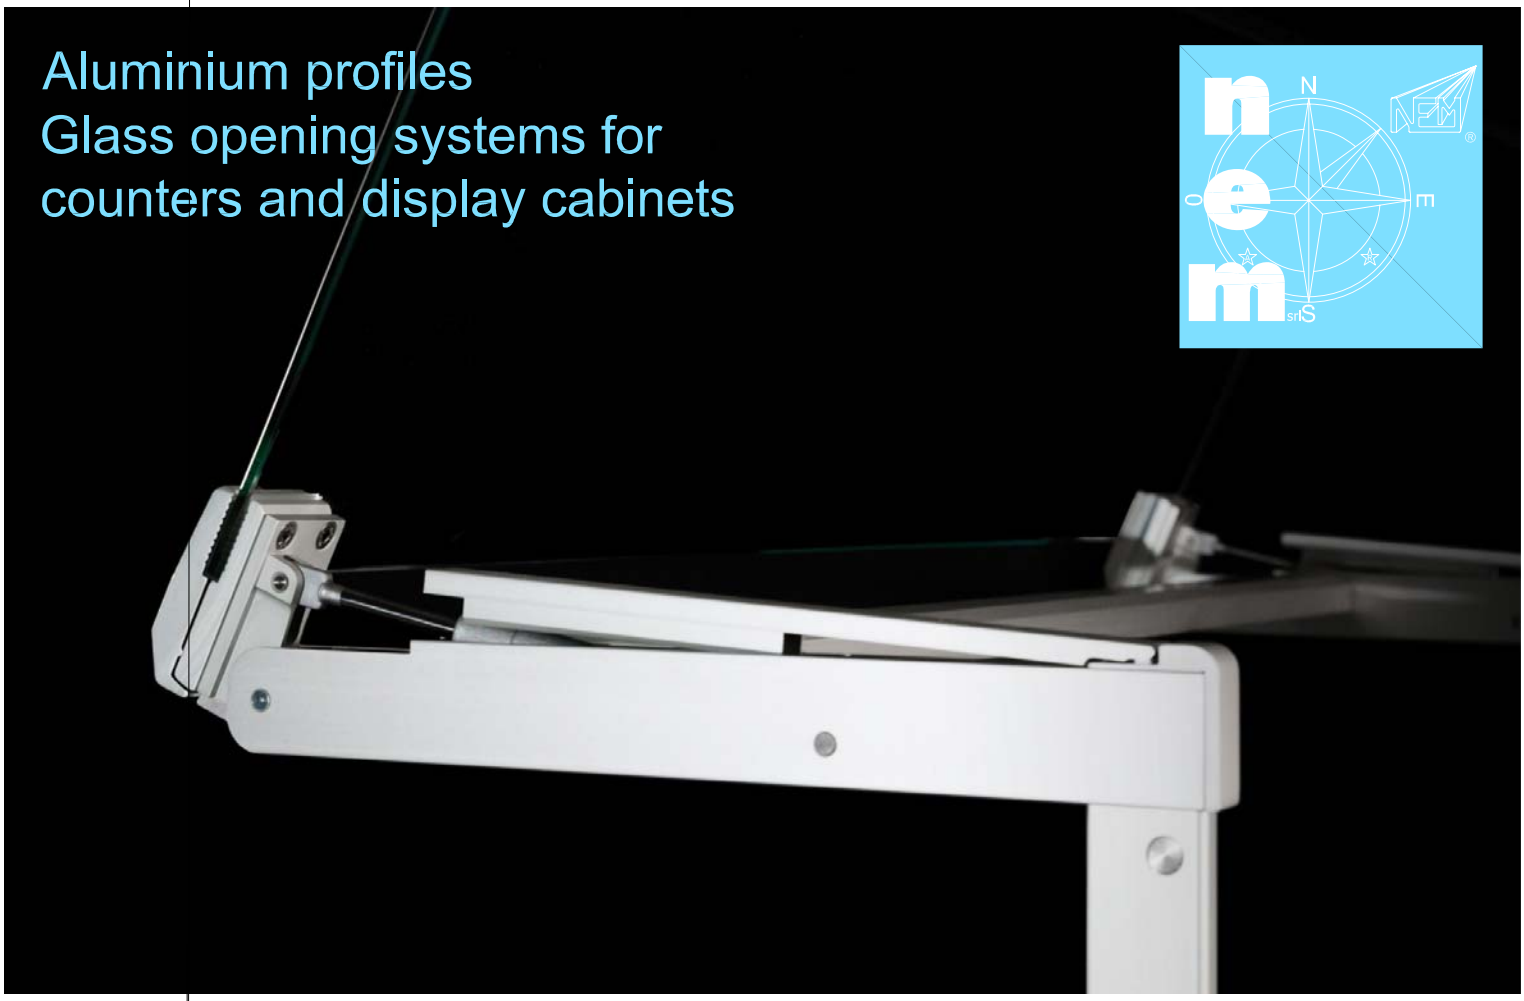
Aluminium profiles
Glass opening systems for counters and display cabinets



- System 018

1. Lift up opening system for glass 6mm
2. For use with glass "L" shaped (eg: glass R20 90°), "double curve" (Panorama), linear glass
3. The gas springs for controlling the opening of the glass are mounted inside the cases, thus avoiding any contact between the shown products and the gas springs
4. Minimalist and pleasing aesthetic impact
5. It can be mounted either with use of uprights or through direct fixing to the side panels of the counter
6. Thanks to the clamp of reduced length, this system provides excellent visibility of the product
7. Suitable for bakeries, ice cream shops, butchers, fishmongers' shops, delicatessens, no food
